

# Supporting SEDD in Implementing the Technical Arrangement Morocco

## THE PROJECT

The project aims to support the Secretariat of State for Sustainable Development (SEDD), in the implementation of the Technical Agreement on environmental protection and cooperation for sustainable development issues, signed on April 21, 2016 with the Italian Ministry of the Environment, Land and Sea, (MATTM). In particular, the project will ensure financial support for the participation of Moroccan experts in international events and bilateral meetings.

## BACKGROUND

In April 2016, the MATTM and the Ministry in charge of Environment of the Kingdom of Morocco signed a technical agreement in New York on the issues of environmental protection and cooperation for sustainable development. The Protocol promotes international exchanges of experts and establishes a Joint Committee formed by representatives of Italian and Moroccan institutions, which approves and supervises bilateral projects through regular meetings.
